1 vs. 1 - 2 vs. 2 Offense Technique

Movement with the ball

-1 vs. 1 Offense, dribbling, Turning, shielding, shooting and/or Passing Technique

- Wall pass

Movement without the ball

- Check to the ball, or check away from the ball

Runs off the ball

- Support run, Diagonal run or Overlap runs

1 vs. 1 - 2 vs. 2 Defense Technique

From 1 vs. 1 to 2 vs. 2 Defense Technique:

1 vs. 1 (Pressure):

Follow the directions of the opponent. Try to get in front of the opponent by putting your body between the goal and the opponent. When you stay in front of the opponent, look in the direction of the ball instead of the opponent's body. When you are in front of the opponent, stay sideways so you give the opponent one side. Give the opponent the weak side (Foot and/or Space). Keep in balance by keeping both feet apart. Bend your knees and shoulders (Balance). Keep your distance from the opponent (not too far or too close). Stay at least one step away from the opponent. Do not dive into the ball right away if you have time. Wait for the opponent to make a mistake to try and steal the ball.

Use your body (shielding) to try to steal the ball.

2 vs. 2 (Cover):

The second player should be able to see the ball and the opponent that he/she is defending. The second defender's job is to back up the first defender that is pressuring the player with the ball. Cover the space behind the pressuring defender. Adjust your distance based on the speed of the attack, and the skill and speed of the attacker. Communicate with the pressuring defender, let him or her know that you are there, tell them which way to push the attack, if necessary.
