Fall 2018 will begin year TWO of a TWO-YEAR uniform cycle.

Do I need to purchase a new uniform for the fall 2018 – spring 2019 soccer year?

NO. ONLY NEW players to an Arlington Travel soccer team for the fall 2018-spring 2019 year will need to purchase the required uniform kit.

What is the process for ordering an ATS uniform kit?

In order to streamline the uniform ordering process travel soccer families order their uniform kits directly through Eurosport (soccer.com), our official ASA travel soccer uniform supplier. ASA travel soccer families can log on to the Eurosport ASA uniform website and place their order directly with Eurosport and have their uniform kit delivered to their home. This means families can order their required uniform kit and any extra uniform parts, along with optional uniform items and even other soccer gear from the ASA Spirit store all in one place, all in one order and all at one time.

How is the travel soccer uniform kit paid for?

Each family will purchase their player's travel soccer uniform kit directly with Eurosport.

Is Arlington Soccer Association making any money from uniform kit sales?

No. ASA negotiated the best possible pricing for our members, and the cost savings are passed on to our member families. There is no mark-up, rebate, or kickback that ASA will receive from uniform kit sales. ASA, as a Goal Club member with Eurosport, will receive Goal Club points from uniform sales. Any family that is also a Goal Club member will also receive the same Goal Club points as the club. Eurosport has generously agreed to provide Goal Club points to both ASA and families as part of these sales.

OFFICIAL ASA TRAVEL SOCCER UNIFORM KIT

What uniform items does each player need to order?

In addition, one of the following practice shirts are required for practice:

- 100% cotton grey training t-shirt with “ARLINGTON” across the chest, or
- Adidas Entrada 18 grey training jersey with “ARLINGTON” across the chest

Please note the following:

- Coaches/teams may require their players to order additional items. **Please consult your coach and team manager to determine what, if any, OPTIONAL items are required for your team.**
- For additional goalkeeper information, please see the goalkeeper section below.

What about other OPTIONAL Uniform Items?

The following are OPTIONAL items. If players/teams decide to purchase team warm-ups, backpacks or training t-shirts they must order the following items (and no other):

OPTIONAL ITEMS	ASA Adidas OPTIONAL Items for 2017-2019
Warm-Up	Adidas Tiro 17 Training jacket in royal blue and Tiro 17 training pant in black
Backpack	Adidas Stadium Team Backpack in Royal Blue, or Adidas Sackpac in Royal blue

Please note the following:

- Coaches/teams may require their players to order OPTIONAL items. **Please consult your coach and team manager to determine what, if any, OPTIONAL items are required for your team.**
- A player awarded financial aid will need to purchase any OPTIONAL items. The club does not pay for these items. Teams may pay for these items for players awarded aid from their team account if so desired.

SPIRIT STORE

The Eurosport Arlington Soccer Uniform web pages have other ASA products such as rain jackets, coats, long sleeve t-shirts, hats, etc. that are not included in the required uniform kit. Do I have to buy any of those items?

No, but you may want to. ASA has also negotiated excellent pricing on additional items available to both players and our member families and friends. Like the uniform pricing, there is no hidden mark-up. Families also earn Goal Club Points with each purchase if a Goal Club Member.

Team Uniform Coordinators - please keep in mind if your team elects to purchase a rain jacket, coat, long-sleeve t-shirt, or any other item listed in the spirit store the team must purchase the item selected by the club and no other company or style. This ensures that all our ASA travel soccer players are dressed in a uniform look.

GOALKEEPER UNIFORM INFORMATION

Do goalkeepers need to order a uniform kit?

Goalkeepers are encouraged to order a complete ASA travel uniform kit but it is not required.

Does every goalkeeper need to order a goalkeeper jersey?

Goalkeepers may order an "ARLINGTON" goalkeeper jersey or wear one of their own goalkeeper jerseys (Adidas brands only for games). For the younger teams that do not have a dedicated goalkeeper, the team should purchase one or two goalkeeper jerseys that can be used by any player. These goalkeeper jerseys can be purchased by a player or the team can purchase and pay for the jersey from their team account.

For older teams with a dedicated goalkeeper, each goalkeeper may want to purchase their own goalkeeper jersey. Goalkeeper Jerseys are NOT numbered. Most leagues and tournaments do not require keeper jerseys to be numbered. **Please consult your coach and team manager to determine how your team will handle goalkeeper jerseys.**

What about Goalkeeper shorts?

Goalkeepers may wear their uniform shorts or if they purchase goalkeeper padded shorts or pants they must be an Adidas brand, or if another brand, no logos may be showing on the outside of the shorts/pants. Gloves and shoes are considered personal items and any brand may be worn.

HOW TO ORDER UNIFORMS: EUROSPORT ONLINE ORDERING SYSTEM

Each Team Uniform coordinator needs to collect the following information for each rostered player: the player's first and last name; the player's jersey number (only single or double digit numbers are allowed); and their family e-mail address to receive ordering information from Eurosport. As time is of the essence when ordering uniforms begin to collect as much information as possible during the tryout process.

Once tryouts are completed and **as soon as** your team is set, team uniform coordinators will receive a Eurosport uniform link from the club. Uniform Coordinators with current ASA teams will create their team and online roster in the Eurosport online ordering system.

All teams will need to create their roster by entering all the names, email addresses and jersey numbers (only single or double digit numbers are allowed) of the players on the team into the Eurosport ordering system. A set of instructions are posted on the club website. There is also an instructional video that is linked from the ASA website.

Once the team roster has been saved and submitted, an email from Eurosport will be sent to each player entered into the system within 24-48 hours from the completion of entering this information. The sooner a team enters their information the sooner the team can start placing their order.

Ask your coach and team manager to keep you in the loop at the conclusion of the tryout process. As soon as the team is set, the coach sends an email to the club listing the player's names who made the team. Uniform Coordinators needs a copy of this list as quickly as possible.

EXTRA UNIFORM KITS

All travel teams are required to purchase at least one extra uniform kit. This uniform kit is used for the following:

- Occasionally in games, a player may receive a cut that results in blood staining the uniform. Game officials are required to send off players with any exposed blood on their body or uniform, and players are not allowed to return until blood has been removed from the uniform and any wounds treated and covered.
- Teams asking guest players to join them for an event will need a uniform kit for their guest player
- Players who lose or forget any of their uniform parts on game day can utilize the uniform for that day. Note: Check first with your league and tournaments rules about substitution of player/jersey numbers on game day.
- New player joins the team at the last minute the extra uniform kit can be assigned to this player and then a new uniform kit ordered. This ensures the new player has a uniform immediately.

For these contingencies all teams are required to have on hand one complete uniform kit. This means each team will purchase, using team fees, one uniform kit. Teams may also order additional socks or other gear to keep on hand.

- When submitting roster information to Eurosport identify these extra uniform kits as "Guest 1" and "Guest 2." Remember extra uniform kits need to be numbered. Each team needs to designate a person responsible for placing the Guest Player orders, which is usually the team uniform coordinator but can also be the manager or another parent. Whoever places the order for the extra uniform kit should use their email and shipping address when ordering. After the team has ordered and paid for the extra uniform kit their team can submit an ASA Expense Reimbursement Form so they can be reimbursed from their team account.

What size extra uniform kit should the team order?

The size most players on your team wear. Error on the larger side since you will have the kit for two years.

PLAYER/FAMILY ORDERING INFORMATION

When can player/families place their uniform order?

Once tryouts are completed, your team is set, and the team uniform coordinator has entered the team information into the Eurosport Online Ordering System a uniform ordering email is sent to the player from Eurosport. At that time a player may place an order.

Please encourage your team families to place their order as soon as possible, and prior to the uniform order deadline date. You may need to remind your families via phone call or email to place their order. Team Uniforms Coordinators will be able to log into the Eurosport online system and monitor orders placed by their team. **Team Uniform Coordinators are responsible for ensuring all players on their team place their uniform order in a timely manner and that they order the extra uniform kit for their team.**

When orders are placed, can additional uniform items be ordered?

Absolutely. When placing an initial order additional uniform parts can also be ordered. Many players order additional uniform socks to have on hand. You can also order replacements of any item at any time using the online order system.

How do families pay for their uniform order?

They may pay Eurosport online by credit or debit card.

What if one of my team families does not have a credit or debit card?

Then either the travel team uniform coordinator or another parent on the team can pay for the uniform and be reimbursed by the family.

When and where will uniform orders arrive?

Orders should arrive within 10-20 working days after placing an order, if placed by the uniform deadline date. Uniforms ordered in July and August will take longer to process.

SCHOLARSHIP (FINANCIAL AID) PLAYERS AND UNIFORMS

Please add all team players to your Eurosport online roster, EVEN if they have indicated they have applied for or have been awarded financial aid. If a player on your team is awarded financial aid the club will pay for the uniform kit but the player might want to order additional optional items. By the end of June team manager and team uniform coordinators will be notified if any players on their team have been awarded financial aid.

What uniform items are covered for scholarship (financial aid) players?

The uniform kit for scholarship (financial aid) players is covered by their financial aid. The uniform kit includes two jerseys, two shorts, two socks and one practice t-shirt. It also includes the CCL warm-up shirt if the team is in CCL. Any additional, lost or stolen uniform items will be the responsibility of the player. Any optional uniform items (warm-ups, training t-shirts, etc) and/or Spirit Store items are the responsibility of the player.

The uniform kit purchased for a scholarship player by financial aid money belongs to ASA and **MUST** be returned to the club when the player leaves the team. Please be sure and remind your player and their family of this important policy when distributing their uniform. Also be sure and collect the entire uniform kit when/if the player leaves the team. The uniform kit should be returned to the ASA office with player and team name on the bag.

How will scholarship players order their uniform kits since the club pays for the kit?

Each team uniform coordinator will enter a financial aid player's information into the Eurosport ordering system. The email address entered for each player will be the Uniform Coordinator's email address. The uniform coordinator will collect the uniform size requested by the player and forward this information to the ASA uniform staff member (Dave Berver at daveberver@arlingtonsoccer.com). The club will then place the order, pay for the uniforms and distribute them to the team after they are shipped. **Please use the 2017-2019 Financial Aid Uniform Order Form when placing the order with the club.**

ADIDAS

What does it mean that Adidas is the club's official uniform apparel provider?

In return for providing the club discounts on Adidas apparel, all Arlington Travel soccer players and coaching staff must wear Adidas gear on game day.

Exception: Players may wear footwear, shin guards, and compression/under tops/shorts from a different vendor.

UNIFORM NUMBERING

Only single or double-digit numbers are allowed. **Jersey numbers for players within an age group (either boys or girls) should not be duplicated.** Each player in the age group should have his or her own unique number. Team managers and team uniform coordinators within an age group should work together to ensure jersey numbers in an age group are not duplicated. This allows for players to play with other ASA travel teams for league games (where allowed), to guest play in tournaments and be permanently moved to another team in the age group without encountering jersey number conflicts.

As soon as U9 and other brand “new” travel teams are set, they can begin to work with the other team uniform coordinators in their age group on jersey numbers. Current ASA teams should have a master list of all jersey numbers assigned in the age group. Remember no duplications! **Players keep their jersey numbers year to year to year, unless the player requests to turn in their number and receive a new number.**

Also remember to save numbers to be used on extra uniform kits. If new players are added to the team during the year available numbers from your master jersey numbering list can be given out.

UNIFORM KIT MODIFICATIONS

ASA strongly discourages teams from altering the official ASA uniform kits. All of our arrangements with Eurosport — customization, pricing, rebates and inventory forecasting, etc. — are predicated on the product styles and colors as selected by ASA. Beyond that, it is our goal to have a standard uniform for all ASA travel players clubwide.

Sponsorship logos may NOT be displayed on the travel soccer uniform kit (shorts, jerseys, socks). Sponsorship logos may appear on warm-ups, backpacks, training t-shirts, etc. The ASA Executive Director must first approve sponsorship logos before imprinting on any item also bearing the ASA logo.

IMPORTANT THINGS TO REMEMBER

Player’s names on uniform items are not permitted (i.e. name on back of jersey).

Teams may also use the ASA Travel soccer uniforms for indoor league play and various 3 v. 3 type tournaments as long as the team is registered as an “Arlington Soccer Team” team. An ASA team playing in an event where they are not registered as an ASA team (i.e. Black Force, Roadrunners, etc) may not wear the ASA uniform
